

CAT GRAIN FREE

Our **Cat Grain FREE** formula is a balanced and nutritional diet for cats or all ages that have a sensitivity to grains. In addition we have added Taurine to improve their vision; pre-biotics and fish oil while maintaining a balanced urinary PH level.

This recipe is highly recommended for breed cats with more specific nutritional needs.

Scaling to provide good oral health to your cat.

Enriched with fish oil to help maintain a healthy coat and skin.

With its balanced pH, this formula prevents urinary blockages by preventing the formation of stones (maintains a low urinary pH).
